

Patriot's Grant Application

The Patriot's Grant program was developed to assist current active duty, reservists and/or former United States Armed Service Soldiers and/or their spouses or domestic partners in achieving their goal of starting a rewarding and portable career in electrology and earning an electrologist license. Please complete this form and return it with documentation of your service or relationship to the service member or veteran to the River Rock Electrology Institute with your Application Form if you wish to be considered for a grant. Recipients are chosen based on previous educational background, potential for success in the field, and their application essay.

If you would like to attach a single sheet with additional information or longer essay response we will be happy to include that for the selection committee to review.

Name _____

Street Address _____

City _____ State _____ Zip _____
